

POINTE CLAIRE CURLING CLUB

DAY LADIES SECTION

Come out to our Open House!

Did you know that curling is the world's fastest-growing winter sport?

Curling has long been a source of pride in Canada and currently boasts close to one million registered participants of all ages! If you are looking for a fun way to stay active all winter long, curling has a lot to offer. It's a surprisingly great workout with a warm camaraderie amongst participants.

The PCCC Day Ladies is one of the most active women's day leagues in Montreal. Known for their welcoming and supportive environment, their focus is on player development and friendly competition. We make curling a thoroughly approachable sport!

No experience required Here's your opportunity to check out the benefits that curling has to offer. Participating in the PCCC Open House will allow you to experience the enjoyment of the game first hand. Never curled before? No worries, most of our newer Day Ladies members had never curled before they joined.

We'll supply the equipment We'll get you set up with the equipment you need and an instructor will guide you through getting onto the ice for the first time. We're convinced that once you give it try, you'll be hooked!

Free weekly clinics New members also benefit from the free Day Ladies clinics which are offered every Tuesday morning starting in the Fall. Qualified instructors offer curling clinics specially designed for new curlers. Our objective is to teach you the basics so that you are ready to start participating in games.

Joining a team is easy No need to worry about finding a team to play with, we've got you covered! You simply signup online for the monthly draw (played weekly on Wednesday and Fridays) and the Match Committee puts together the teams of four. You'll get to play with different ladies each month which makes meeting members a breeze.

Find out how the game of curling works so you can get onto the ice and have fun with the rest of us!
